RE: Change of Address, Affecting RM-10412

Dear Commissioners and Commission Staff,

My name is Don Schellhardt, Esquire. I have been one of the commenting parties in FCC Docket No. RM-10412.

Docket RM-10412 was initiated by the Commission in response to a Petition for Notice of Proposed Rulemaking by Nickolaus E. Leggett of Reston, Virginia. The Docket concerns Mr. Leggett's proposal to mandate the field repairability of certain vital communications equipment, to preserve its viability and usefulness during emergencies.

Please note that I have recently moved from Denver, Colorado to Golden, Colorado, about 15 miles to the west. The new contact information for me is as follows:

Don Schellhardt, Esquire

My new phone service has not yet been activated, but I will apprise the Commission of the new phone number once I know it myself. In the meantime, messages can be left with Jeff, the Manager of my apartment building, at (303) 279-9430.

Sincerely,

Don Schellhardt, Esquire
